BRICKELL ASSET MANAGEMENT LLC

TIE-IN LETTER

December 16, 2022

To Whom It May Concern:

Brickell Asset Management, LLC ("BAM") has established a wholly owned subsidiary, Brickell Turbine Materials, LLC ("BTM"), to manage and facilitate the sale of engine parts for BAM. This letter will confirm that BTM has the authority to sell engine parts owned by BAM to third party customers on BAM's behalf.

Please contact me with any questions at twallace@brickellam.com

Best Regards,

Terrence Wallace

COO & General Counsel

Brickell Asset Management, LLC

WARRANTY BILL OF SALE
(ESN 695139, 690176, 690311 AND 695135)

February 2nd, 2026

TAMPA CARGO S.A.S ("**Seller**") owns full legal and beneficial title to the four (4) used General Electric model CF6-80C2B2 aircraft engines bearing manufacturer's serial number 695139, 690176, 690311 and 695135 in the configuration as per Exhibit D to the Purchase Agreement, but otherwise in "AS-IS" "WHERE-IS" condition, including three (3) engine shipping stands bearing part numbers AM-1928-156, NGCF68200 and 3195E-01 and serial numbers EST-02, 170 and 14942-12 (respectively), and all appliances, parts, accessories and other equipment installed on, or attached to such engine, and any loose equipment specific thereto, all records, logs and technical data in the possession of Seller (the "**Engines**").

This Warranty Bill of Sale is delivered pursuant and subject to the Engine Sale and Purchase Agreement dated as of January 30th, 2026, between Seller and Buyer (the "**Purchase Agreement**").

For good and valuable consideration the receipt and sufficiency of which are hereby acknowledged, Seller hereby sells, grants, transfers and delivers to **BRICKELL ASSET MANAGEMENT, LLC** ("**Buyer**") full legal and beneficial title and interest in and to the Engines, free and clear of any liens, security interests, claims of third parties or other arrangements or agreements having the effect of conferring security, and that Seller shall warrant and defend such title forever against any claims and demands; provided, that the Engines are otherwise conveyed **"AS IS", "WHERE IS" AND "WITH ALL FAULTS"**. This Warranty Bill of Sale hereby incorporates the express disclaimer contained in Section 7.3 (*Limitation of Warranties and Agreements*) of the Purchase Agreement and is subject to each and every other disclaimer contained in the Purchase Agreement.

THIS WARRANTY BILL OF SALE SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAWS OF THE STATE OF NEW YORK, U.S.A. APPLICABLE TO CONTRACTS MADE AND TO BE PERFORMED ENTIRELY WITHIN SUCH STATE.

IN WITNESS WHEREOF, Seller has caused this Warranty Bill of Sale (ESN 695139, 690176, 690311 and 695135) to be executed in its name as of the date first written above.

WARRANTY BILL OF SALE
(ESN 695139, 690176, 690311 and 695135)

January 28, 2026

The undersigned, on behalf of Tampa Cargo SAS ("**Buyer**"), hereby acknowledges receipt from **Wells Fargo Trust Company, National Association,** not in its individual capacity but solely as Owner Trustee ("**Seller**") of the delivery to Buyer as of the date set forth above, of the following described aircraft engine:

- Four (4) used General Electric model CF6-80C2B2 aircraft engines bearing manufacturer's serial numbers 695139, 690176, 690311 and 695135
- All parts installed in or attached to such engines.
- All engine documentation applicable to such engines.

(collectively, the "**Property**")

TO HAVE AND TO HOLD the same unto Buyer, its successors and assigns forever. The undersigned covenants and agrees with Buyer to warrant and defend the title to the Property hereby sold to Buyer, its successors and assigns, against the lawful claims of all persons whomsoever, and further warrants that the Property is free from any and all liens, claims, or encumbrances whatsoever.

Except as set forth above, THE PROPERTY IS SOLD TO BUYER "AS-IS, WHERE-IS" AND "WITH ALL FAULTS". SELLER MAKES NO EXPRESS OR IMPLIED WARRANTY INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR PURPOSE, AND NO REPRESENTATION OR AFFIRMATION OF FACT IS MADE, WITH RESPECT TO THE PROPERTY. IN NO EVENT SHALL SELLER BE LIABLE TO BUYER FOR ANY INCIDENTAL OR CONSEQUENTIAL DAMAGES SUSTAINED BY BUYER AS A RESULT OF THE SALE OF THE PROPERTY TO BUYER.

IN WITNESS WHEREOF, this Bill of Sale has been executed on behalf of Seller by its authorized representative this 28 day of January, 2026.

International Aircraft Lease Agreement Termination

This International Aircraft Lease Agreement Termination Agreement dated as of March 7th, 2025 (hereinafter the "Termination Agreement") is entered into between Wells Fargo Trust Company, National Association, not in its individual capacity but solely as Owner Trustee, as lessor (the "Lessor") and Aero Transporte de Carga Unión S.A. de C.V. as lessee (the "Lessee").

Whereas, the Lessor is the owner of certain Boeing B767-200SF aircraft identified with manufacturer's serial number 23804 and Mexican registration mark XA-EFR equipped with two General Electric CF6-80CB2 engines identified with engine serial numbers 695135 and 690311, (hereinafter the "Aircraft");

Whereas, the Lessor and the Lessee are parties to a certain International Aircraft Lease Agreement dated as of March 21, 2014 with respect to the Aircraft (hereinafter the "Lease Agreement"). The Lease Agreement has a remaining Term of 13 months.

Whereas the Lessor and the Lessee have agreed and decided to early terminate the leasing of the Aircraft taking into account (i) the rising and expensive maintenance and overhaul costs the Aircraft has; (ii) the industry limitation and high cost for the procurement of parts and components to support such aircraft type; (iii) the Lessors and market interest in selling and buying the Aircraft and (iv) the Lessee's ongoing plan to renew and update its aircraft fleet.

Whereas the Lessor and the Lessee hereby agree to early terminate the leasing of the Aircraft, return the Aircraft to Lessor and further terminate the Lease Agreement on the following terms and conditions.

Capitalized terms not defined herein shall have the meaning agreed in the Lease Agreement.

Lessor and Lessee can individually be identified as a "Party" and collectively as the "Parties"

1. Lease termination

Lessor and Lessee agree that the leasing of the Aircraft from Lessor to Lessee will terminate in March 14th 2025. Further to Lessee's obligation to return the Aircraft to Lessor as agreed in this Termination Agreement, the Lease Agreement will terminate.

2. Rent

Both Parties agree that, given the grounding of the aircraft on May 11th, 2024, Lessee shall pay all outstanding Rent payments to Lessor as per the terms of the Lease Agreement until May 11th, 2024 inclusive.

Lessee confirms that it paid the Lessor the amount of three million three hundred sixty-nine thousand four hundred seventy-four dollars and forty cents (USD$ 3,369,474.40) dollars with respect to the Rent owed

and accrued up to May 11, 2024. Parties further acknowledge that this amount was paid to Lessor in immediately available funds during January 2025.

3. Aircraft Return to Lessor

Both parties acknowledge that the Aircraft was redelivered to Lessor on May 11th, 2024, at Aeropuerto Internacional Felipe Ángeles, Ciudad de México, Mexico, as per Lessor's request.

Lessor accepted the redelivery of the Aircraft and Lessee further agrees to pay on behalf of Lessor up to Three Hundred Four Thousand Three dollars (USD $304,003.oo) for all the out-of-pocket expenses related with the maintenance, parking and preservation of such Aircraft since the redelivery date and until the sale of the Aircraft in the market. For the sake of clarity, such properly documented and verifiable expenses, actually paid in full by Lessee on behalf of Lessor shall be reimbursed in full up to the maximum amount described herein, provided that they do not exceed the specified cap.

4. Lessee's Compensation

Parties agree and confirm hereby that as compensation for the early termination of the Aircraft Lease Agreement as well as compensation for the return and redelivery obligations and condition detailed in the Lease Agreement, the Lessee shall pay the Lessor the amount of Five Million Three Hundred Ninety Thousand One Hundred Four (USD$ 5,390,104.oo) dollars or such other amount as further confirmed by Lessee and accepted by Lessor. The Lessee confirms that this amount will be paid no later than December 30th, 2025.

Miscellaneous

- Terms and conditions not changed in this Termination Agreement will continue in force and effect until a Lease Termination Certificate form is issued by Lessor to Lessee confirming the payments and conditions set forth herein have been completed.

- This Termination Agreement shall be governed by the laws of the State of New York. Any dispute not able to be solved by means of direct negotiation between the parties will be solved by the New York courts.

Aero Transporte de Carga Unión S.A de C.V

By: _____

Name: Danilo Correa Sepulveda

Title: Managing director

Lessor:

Wells Fargo Trust Company, National Association, not in its individual capacity but solely as Owner Trustee

By: _____

Name: Robin A. Phelan

Title: Vice President

Date: **February 2nd, 2026**

Engine Model:	CF6-80C2B2
Engine Serial Number:	690311
Time Since New:	86,301:00
Cycles Since New:	23,349
Removal Date:	November 27th, 2018

Accident – Incident Clearance Statement

TO WHOM IT MAY CONCERN,

Engine details of which are specified above has been operated by **Aero Transporte de Carga Unión S.A. de C.V.** during the period from, **March 31th, 2014** to **February 2nd, 2026.**

I hereby certify that, to the best of my knowledge, during the period stated above:

1. Neither the engine nor any part installed have been:

    a. Damaged during, or identified as the root cause of, a reportable incident or accident as defined by Annex 13 to the Chicago Convention, or

    b. Subjected to severe stress or heat (such as in a major engine failure, accident, or fire) or has been submersed in salt water, unless its airworthiness status was re-established by an approved maintenance organization in accordance with the applicable airworthiness regulations and instructions of the type certificate holder and/or supplemental type certificate holder and/or OEM of the part and supported by an authorized airworthiness release certificate.

2. No part has been installed on the aircraft which was obtained from a military source or was previously fitted to a state aircraft as deemed by Article 3 of the Chicago Convention.

On behalf of AeroUnion:

Eng. Ricardo Reyes Rodriguez
Engineering Chief
Engineering and Maintenance Management

Date: **February 2nd, 2026**

Rionegro, September 30th 2013

To whom it may concern

SUBJECT: **H017 – Non-exceedences during lease term**

This is to certify the status of the engine referenced below time in service and status in accordance with Tampa Cargo S.A. records on September 30th 2013.

Engine model	CF6-80C2B2
Serial Number	690311
Total Time	76260:01
Total Cycles	19500

- The engine did not presented any exceedence during the lease term since last shop visit.

On behalf of Tampa Cargo S.A., I hereby certify that to the best of my knowledge and ability the above information is true and accurate

Raquel,

After submitting data of LLP to GECAS, they have accepted this part, our disposition is then to install the part on ESN 690311.

best regards,

Sergio Torres

Dear Sergio,

The traceability GEAM has is the one provided on page 21, on Thai's summary.
To help on the records evaluation, GEAM informed us that ESN 695406 has been purchased from GECAS...
Please let us know the disposition.

Thanks & Regards,
Raquel.

Raquel,

Data for LPT STG1 and LPT shaft are OK.

LPT STG 3 disk is missing track from ESN 702227 to ESN 695046, where part was last installed. Please provide this information and we will accept the data, if information is not available, please let me know and we will ask GECAS if they accept the part.

Best regards,

Sergio Torres

6. Has the Engine, including any component(s) installed or replaced by the Operator during the term of the lease, been operated on any U.S. and/or Foreign Government or military aircraft, been subjected to any extreme heat or other form of extreme stress, e.g. Major Engine failure, fire and extreme heat, or incident/accident as defined by lessee's regulatory authority, been immersed in salt water, or otherwise exposed to corrosive agents outside normal operation.
YES_____ NO _X_____

7. Have PMA/non-OEM material (S) or material (S) containing non-OEM repairs been installed onto the engine during the term of the lease. YES _____ NO _X_____

8. Have there been ANY Deviations from Manual (Including any OEM approved deviations) issued to the Engine, or any hardware or component(s) attached to the Engine, during the term of the lease. YES _____ NO _X_____

Note : If Yes please provide supporting OEM documentation. CDR and FAA 8110-3

9. Has the engine been returned to GEEL with the same inventory as at delivery, per the lease agreement?
YES _X_____ NO _____

NOTE – GEEL WILL ADDITIONALLY PERFORM A FULL INVENTORY CONTROL CHECK AT ENGINE REDELIVERY HOUSEKEEPER.

NB :- If you are returning any items that have been removed from the engine and are being shipped loose, they must have an accompanying EASA Form 1/8130 Form.

10. Was the Engine operated and maintained in accordance with the AMM? YES _X_____ NO_____

11. Were there any Deferred items noted during the term of the Lease? YES _____NO _X_____
If YES, list the Deferred items and provide documentation.

_____

12. Has the Engine experienced an EGT or RPM exceedence? YES _____ NO _X_____
If YES, supply details of troubleshooting and RECTIFICATION.

13. A. Were any Service Bulletins incorporated during the term of the Lease? YES _____ NO _X_____
If YES, list the SB's complied with below and provide documentation of compliance to include maintenance log records, date of compliance, and technician sign off.

NON- INCIDENT- STATEMENT

During the term of the Engine Lease Agreement, during the period from 26 MAR 03 to 5 JUNE 03) the engine described below (the "Engine")

(a) was not involved in an incident or accident;
that is, the Engine was not involved in an event which resulted in the Engine being deemed by the manufacturer as unacceptable for continued aircraft usage, and

(b) was never subjected to military or government operation.

REDELIVERY CERTIFICATE

SECTION A : ENGINE OPERATION REPORT

This report must be completed by the operator of the Engine at the time of Re-Delivery and certified by its Quality Assurance Manager or equivalent.

Operator: Air Pacific Ltd
Engine Serial Number: 695406

	Installation Details:	**Removal Details:**
Date:	20 March 03 (TL-188)	01 June 03 (TL-511)
Aircraft S/N & Position:	VN676 #1 (26760)	VN676 #1 (26760)
Engine Total Hours:	26010	26877
Engine Total Cycles:	10139	10295

Hours Run Since Installation: 867

Cycles Run Since Installation: 156

(Note: If Engine was installed during term of lease on various aircraft, a separate list must be completed noting hours and cycles for each aircraft).

Observations: Missing Parts List is the same as Delivery to Air Pacific

This is to certify that engine type CF6-80-2B6 with S/N 695406 has been operated and maintained in accordance with Aircraft Maintenance Manual and any other relevant practises and procedures. Further no deviations from the manuals and procedures have been issued.

(i) List AD's and SB's accomplished during the lease period. (If no AD or SB has been accomplished then record "no AD/SB accomplished during lease period"):

No AD/SB Accomplished During Lease Period

(ii) List oil type used and consumption rate:

Mobil Jet II At Rate Average 0.15 Qts/Hr.

(iii) List any abnormal engine occurrence, or limitations been reached or exceeded throughout the operation of the Engine (*If there were none please note that there were none*):

Nil Abnormal Occurrences During Lease Perod

(iv) List any major repairs or alterations accomplished during the lease term. (*If there were none*

please state that none had been accomplished):

NIL MAJOR REPAIRS DURING LEASE PERIOD

(v) No PMA/non – OEM material(s), or material(s) containing non-OEM repairs have been installed onto the Engine during the term of the lease :

NIL

(vi) State if any component(s) or parts that were originally delivered/installed will not be returned with the Engine with the reason for removal. State/ list the components installed as replacement(s). The following is required for component(s) which have been replaced by Lessee – FAA/JAA serviceability tag; TSO/CSO, date of installation, and Engine TSN/CSN at installation of component/part.

NIL

(vii) State if any deferred items have been noted during the term of the lease. If applicable, please note the items or provide a list.

NIL DEFERRED ITEMS (EXCEPT PER MISSING PARTS LIST)

(viii) State if the Engine has experienced any EGT or RPM exceedences. If applicable yes, provide details of troubleshooting and rectification.

NIL EXCEEDENCES

(ix) Confirm that no LLP's have been replaced during the term of the lease.

NO LLP'S REPLACED

(x) Confirm that the Engine has been properly stored (if applicable) in accordance with the AMM/Engine Manual.

N/A.

(x) Confirm that the Engine has been properly transported in accordance with AMM/Engine Manual during the term of the lease.

TRANSPORT IN GE STAND WITH GE COVER.

(xi) Confirm that the Engine has been returned in the 'as delivered stand' and the original Engine cover. (*Note serial number)*

GE STAND CONFIRMED S/N NIL. GEEL 727. ✓

(xii) Confirm that the Engine fuel system has been completely emptied of fuel as per the special provision A70 in the IATA Dangerous Goods Regulation and therefore is not subject to IATA Dangerous Goods Regulations.

ENGINE FUEL SYSTEM EMPTIED.

STATEMENT OF CONFORMITY

I hereby certify, based on the information available, that the aircraft engines as described below;

Item	Engine Model	Serial No.	Manufacturer
1	CF6-80C2A1	695406	GENERAL ELECTRIC
2	CF6-80C2B1	695496	GENERAL ELECTRIC
3	CF6-80C2B1F	702422	GENERAL ELECTRIC
4	CF6-80C2B1F	702232	GENERAL ELECTRIC
5	CF6-80C2D1F	702661	GENERAL ELECTRIC

were not obtained from any US Government or military source and had not been subjected to severe stress or heat (as in a major engine failure, accident, or fire). These aircraft engines were obtained from the stock of Thai Airways International which is an FAA Approved Repair Station under the certificate number RJHY603H.

WARRANTY BILL OF SALE

GENERAL ELECTRIC CAPITAL CORPORATION, a corporation organized and existing under the laws of the State of Delaware ("Seller"), for good and valuable consideration to it paid by **GE AVIATION MATERIALS, LP.** ("Buyer"):

1. Does hereby acknowledge and affirm the sale, conveyance and assignment to Buyer of one (1) used General Electric model CF6-80 C2 aircraft engine bearing Manufacturer's Serial Number 695406, including all related records (the "Property"), said property being free and clear of all liens and encumbrances;

2. Does hereby warrant that it has good title to Property and that the sale, conveyance and assignment of the Property to Buyer is and shall be rightful;

3. Does hereby agree to indemnify, defend and hold harmless Buyer from and against any third party claims related to, resulting from or arising from any liens and encumbrances filed of record on the Property on or prior to the date of this Bill of Sale.

IN WITNESS WHEREOF, the Seller has caused this Agreement to be executed by its duly authorized officer or representative who represents to the Buyer that it is employed in the capacity indicated below and has the unequivocal authority to execute and deliver this Bill of Sale, which shall be effective as of the date first written above.
