13a. Certifies that items identified above were manufactured in conformity to :

☐ Approved design data and are in condition for safe operation

☐ Non - approved data specified in block 12

13b. Authorized Signature

13c. Approval / Authorization Number

13d. Name

13d. Date (dd mmm yyyy)

14a. ☒ Part-145.50 Release To Service ☐ Other regulation specified in block 12

Certifies that unless otherwise specified in block 12, the work identified in block 11 and described in block 12, was accomplished in accordance with Part-145 and in respect to that work the items are considered ready for release to service.

14b. Authorized Signature

MYT 004 CCS

14c. Certificate / Approval Ref. No.
EASA.145.0412

14d. Name
Oguz TOKER

14e. Date (dd mmm yyyy)
24 OCT 2018

USER / INSTALLER RESPONSIBILITIES

This certificate does not automatically constitute authority to install the item(s).
Where the user/installer performs work in accordance with regulations of an airworthiness authority different than the airworthiness authority specified in block 1, it is essential that the user/installer ensures that his/her airworthiness authority accepts items from the airworthiness authority specified in block 1.
Statements in block 13a and 14a do not constitute installation certification. In all cases aircraft maintenance records must contain an installation certification issued in accordance with the national regulations by the user/installer before the aircraft may be flown.
