Work Order #: 79737 prescribing the actual work performed is attached.

The prescribed work was performed in accordance with FAA accepted data:
Liebherr, ATA 21-52-18, Revision 5, 6/1/2013.

The installer must verify compliance with all applicable Airworthiness Directives.

Cross-Check Aviation Certifies that the work specified in box 11/12 was carried out in accordance with EASA 145 and with respect to that work, the product/article is considered ready for release to service under EASA Part 145 approval number: EASA.145.5109

13a. Certifies the items identified above were manufactured in conformity to:		14a. [X] 14 CFR 43.9 Return to Service [X] Other regulation specified in Block 12	
☐ Approved design data and are in condition for safe operation. ☐ Non-approved design data specified in Block 12.		Certifies that unless otherwise specified in Block 12, the work identified in Block 11 and described in Block 12 was accomplished in accordance with Title 14, Code of Federal Regulations, part 43 and in respect to that work, the items are approved for return to service.

User/Installer Responsibilities

It is important to understand that the existence of this document alone does not automatically constitute authority to install the engine/propeller/article.

Where the user/installer performs work in accordance with the national regulations of an airworthiness authority different than the airworthiness authority of the country specified in Block 1, it is essential that the user/installer ensures that his/her airworthiness authority accepts aircraft engine(s)/propeller(s)/article(s) from the airworthiness authority of the country specified in Block 1.

Statements in Blocks 13a and 14a do not constitute installation certification. In all cases, aircraft maintenance records must contain an installation certification issued in accordance with the national regulations by the user/installer before the aircraft may be flown.

FORM OF WARRANTY BILL OF SALE
(551)

June 14, 2016

The undersigned, BRICKELL ASSET MANAGEMENT XXV, LLC, ("Seller") is the owner of and has full title to the Airbus A320-232 airframe bearing manufacturer serial number 551, and all available records, manuals, logs and documents pertaining to the foregoing, less APU, thrust reversers and cowls (the "Airframe"). Seller and MIDWEST AIRCRAFT APPRAISALS, LLC and TURBO RESOURCES INTERNATIONAL, INC. ("Buyers"), have entered into that certain Airframe Purchase Agreement dated as of June 14, 2016 (the "Purchase Agreement"). Capitalized terms used herein and not otherwise defined shall have the respective meanings set forth in the Purchase Agreement.

For and in consideration of good and valuable consideration, the sufficiency of which is hereby acknowledged, Seller does hereby grant, convey, transfer, bargain, sell and deliver all of its right, title and interest in and to the Airframe unto Buyers and to Buyer's successors and assigns forever.

Seller sells and Buyers, by their acceptance hereof, take the Airframe "as-is, where-is" and, except as expressly stated herein, Seller makes no representations or warranties, express or implied, arising by law or otherwise, with respect to the Airframe, except that Seller hereby warrants to Buyers, their successors and assigns, that on the date hereof, Seller does hereby sell, convey, transfer and assign to Buyers, good and marketable title to the Airframe free and clear of any liens, claims, encumbrances, security interest and rights of others, and Seller agrees that it will defend forever such title so conveyed against all claims and demands whatsoever

This Warranty Bill of Sale (551) shall be governed by and construed in accordance with the laws of the State of Florida.

IN WITNESS WHEREOF, the undersigned has caused this Warranty Bill of Sale (551) to be duly executed and delivered as of the date first written above.

WARRANTY BILL OF SALE

INTERNATIONAL LEASE FINANCE CORPORATION ("Seller"), a corporation organized under the laws of the State of California, is the owner of good and marketable title to the following equipment, all as described in the Aircraft Sale Agreement ("**Aircraft Sale Agreement**") between Seller and AAR Supply Chain, Inc. ("**Buyer**") dated as of February 26, 2016 (collectively, the "**Aircraft**"):

1. One used Airbus A320-200 aircraft bearing manufacturer's serial number 551.

2. Two used IAE V2527-A5 engines bearing manufacturer's serial numbers V10116 and V10119.

3. All appliances, parts, instruments, appurtenances, accessories, furnishings or other equipment or property installed in or attached to such aircraft and engines.

4. All records and manuals applicable to such aircraft and engines.

For and in consideration of the sum of One United States Dollar and other valuable consideration, receipt of which is hereby acknowledged, Seller does hereby sell, grant, transfer, deliver and set over to Buyer and its successors and assignees forever all of Seller's right, title and interest in and to the Aircraft, to have and to hold the Aircraft for its and their use forever.

Subject to the terms of the Aircraft Sale Agreement, Seller hereby warrants to Buyer and its successors and assigns that there is hereby conveyed to Buyer title to the Aircraft free of Warranted Security Interests and that Seller will warrant and defend such title forever against all claims and demands.

Unless otherwise defined herein, capitalized terms used in this bill of sale have the same meaning as those used in the Aircraft Sale Agreement.

IN TESTIMONY WHEREOF Seller has executed this bill of sale at 12:35 PM hours (PST time) this day of March 1, 2016

ASSISTANT VICE PRESIDENT

RETURN ACCEPTANCE RECEIPT

Date: January 26th, 2016

1. SICHUAN AIRLINES CORPORATION LIMITED ("LESSEE") and INTERNATIONAL LEASE FINANCE CORPORATION ("LESSOR") have entered into an Aircraft Lease Agreement dated as of March 23, 1995 (as amended and supplemented from time to time, including the Amendment #03 to Aircraft Lease Agreement (A320-200, MSN 551, B2341) dated October 8, 2015 (the "Amendment", collectively, the "Lease"). Words used herein with capital letters and not otherwise defined will have the meanings set forth in the Lease.

2. LESSOR has this 26th day of January, 2016 (Time: 19:00) at Shuangliu Airport, Chengdu, China received from LESSEE possession of:

(a) One (1) Airbus model A320-200 Aircraft bearing Manufacturer's serial number 551, together with two (2) International Aero Engines model IAE V2527-A5 engines bearing manufacturer's serial numbers V10116 and V10119, an APU bearing manufacturer's serial number 1824, and all Parts attached thereto and thereon in an airworthy condition; and

(b) All Aircraft Documentation, including the usual and customary manuals, logbooks, flight records and historical information regarding the Aircraft, Engines, APU and Parts, as listed in the Document Receipt attached hereto.

3. The Aircraft had the following seating configuration at return:

__8__ first __0__ business __156__ coach

4. An auxiliary center tank (ACT) is / is not installed (circle one) at return.

If yes, quantity of auxiliary center tanks: __N/A__

5. A Thales Avionics Integrated Standby Flight Display (ISFD)/Integrated Standby Instrument System (ISIS) ~~was~~ / was not installed (circle one) in the Aircraft by LESSEE during the Lease Term.

6. The Airframe, Engines, APU and Parts had the following hours/cycles at return set forth in the Technical Evaluation Summary attached hereto and the Aircraft was otherwise in the condition described by the Technical Evaluation Summary attached hereto.

YJS

7. The amount of fuel on board at return is _FULL FUEL__ pounds/gallons/kilos of fuel (circle one).

8. Other technical information regarding the Aircraft and its components are correctly set forth on the Technical Evaluation Summary attached hereto.

9. LESSEE confirms that it has delivered to LESSOR all free-of-charge kits for the Aircraft received by LESSEE.

10. The above specified aircraft, engines and documentation are hereby accepted by LESSOR subject to (i) the provisions of the Lease and (ii) correction by LESSEE (or procurement by LESSEE at LESSEE's cost) as soon as reasonably possible of the discrepancies specified in the list attached hereto as Attachment 1.

11. Subject to the following paragraph, the leasing of the Aircraft by LESSOR to LESSEE pursuant to the Lease is hereby terminated without prejudice to LESSEE's continuing obligations under the Lease and the other Operative Documents including, without limitation, paragraph 10(ii) above and the obligations of LESSEE described in Articles 4.5, 10.6, 15 and 16 of the Lease.

12. LESSEE represents and warrants that during the term of the Lease all maintenance and repairs to the Airframe and Engines were performed in accordance with the requirements contained in the Lease. LESSEE further confirms that all of its obligations under the Lease and the other Operative Documents whether accruing prior to the date hereof or which survive the expiration of the Lease or the termination of the leasing of the Aircraft under the Lease by their terms and accrue after the date hereof, will remain in full force and effect until all such obligations have been satisfactorily completed.

13. This Return Acceptance Receipt is executed and delivered by the parties in Chengdu, China.

[signature page to follow]

YJS

IN WITNESS WHEREOF, the parties hereto have caused this Return Acceptance Receipt to be executed in their respective company names by their duly authorized representatives as of the day and year first above written.

Terms and Conditions of Sale

These goods are offered by Turbo Resources Int'l (Seller) in fulfillment of the referenced contract issued by Buyer. Acceptance of this shipment constitutes implied acceptance of the following:

Indemnification:
Buyer agrees to indemnify and hold harmless Seller and its employees from and against all claims, liabilities, losses, damages, including all legal fees arising from or by reason of the following: Any injury or death allegedly caused by the use, sale, transfer or alteration of the goods furnished hereunder; Any damage to or destruction of any property or injury to any person(s) caused by any such act or omission, whether negligent or otherwise, of Buyer or any employee, subcontractor, or agent employed by Buyer. Such obligations shall survive acceptance of the goods and payment by the Buyer.

Disclaimer:
These goods are sold by Turbo Resources Int'l Inc. "As Is, Where Is" without any warranties, guarantees, or representations of any kind, either expressed or implied, statutory, or otherwise, that shall survive delivery as to the products and the component parts thereof, including (without limitation) the condition or airworthiness thereof, and Buyer hereby waives all other warranties or remedies, expressed or implied, arising by law or otherwise, and Seller shall have no liability to Buyer with respect to fitness for any intended purposes or merchantability, or loss of use, revenue, or profit, or for incidental or consequential damages, or for any expense directly or indirectly arising from this transaction or the use of the goods, either separately or in combination with other products or equipment, or from any other cause.

The Buyer agrees that any disputes arising from this transaction shall be resolved in accordance with the law of the State of Arizona. In a dispute, the prevailing party shall be entitled to collect its costs and reasonable attorney's fees.

Unpaid Balance:
Any outstanding balance which remains unpaid for 30 days following the date of billing will be subject to a one and one-half percent (1.5%) per month service charge (18% PER ANNUM). Seller retains ownership and title to the material sold until full payment is received and credited.

Return of Goods:
Goods sold in "As Removed" or "Repairable" condition cannot be returned if the purchase price is $500.00 USD or less. Request for Return Material Authorization (RMA) of material eligible for return must be submitted in writing within 30 days from the original ship date. Issuance of RMA by Seller does not automatically invalidate conditions of original sale. No credit or reimbursement of any or all portions of original sale shall be issued or paid prior to evaluation of the returned material. All items approved and accepted for return may be subject, at Seller's discretion, to a restocking fee. All original documentation provided at time of sale shall be required to be returned with rejected material within 60 days from original ship date. In all instances, goods returned without original documentation shall be rejected and the terms of the original sale enforced. In the event "serviceable" material is returned due to failure, objective evidence of the fault found (from a certificated agency) shall be required. Seller may exercise the right of verification of the fault at a certificated agency of its choice. If disposition is determined to be "no fault found", Buyer may be liable for, at Seller's discretion, evaluation fees and/or shipping charges incurred. Goods sold in "Overhauled" condition will be honored by Turbo Resources warranty policy. Any unit opened for ANY reason will void the warranty and can not be returned for credit. This includes any modifications or conversions incorporated after the sale.

Export Control Terms and Conditions

It is the policy of Turbo Resources International to verify end use and end user in all sales of products and in all transfers of technical data or software to ensure compliance with applicable U.S. Export Control laws and regulations. Because the parts and/or technology you are purchasing may possibly be exported and used outside the United States, by accepting this material for sale you confirm the following:

* I (We) will not export or re-export any products, technology or software purchased from Turbo Resources International to Cuba, Iran, Iraq, Libya, North Korea, Sudan, or Syria, unless otherwise authorized by the U.S. Government;

* I (We) will not sell, transfer, export, or re-export any products, technology or software purchased from Turbo Resources International for use in activities which involve the development, production, use or stockpiling of Nuclear, Chemical, or Biological weapons or missiles, nor use said products, technology or software in any facilities which are engaged in activities related to such weapons;

* I (We) acknowledge that U.S., law prohibits the sale, transfer, export or re-export other participation in any export transaction involving products, technology or software with individuals listed in the U.S. Commerce Department's Table of Denial Orders, the U.S. Treasury Department's List of Specially Designated Nationals, and/or the U.S. Department of State's list of debarred from receiving Munitions List items;

* I (We) will abide by all applicable U.S. Export Control laws and regulations for any products, technology or software purchased from Turbo Resources International and will obtain any licenses or prior approvals required by the U.S. Government prior to export or re-export of products, technology or software

* I (We) agree that export control requirements in the above shall survive the completion, early termination, cancellation, or expiration of the applicable Purchase Order, Agreement, and/or Contract.
